SKILLS

- Security Skills:** VAPT, SIEM, Threat Analysis, Network Security, Red Teaming, Blue Teaming,
- Tools:** Wireshark, Nmap, Metasploit
- Programming:** Python, Java, Kotlin data Structure, HTML, CSS, JavaScript
- Technologies:** AI/ML, Flask, IoT

LANGUAGES

- English (Fluent)
- Hindi (Proficient)

CERTIFICATIONS

- Cybersecurity & Ethical Hacking
- Networking Fundamentals
- Cybersecurity Analyst
- Python Programming
- Linux System & Command Line

PROFILE

Cybersecurity-focused Computer Science and Engineering undergraduate with hands-on experience in Vulnerability Assessment & Penetration Testing (VAPT), Network Security, and SIEM concepts. Skilled in developing AI-driven security solutions, including LLM-based chatbots and IoT systems. Strong understanding of threat analysis, incident response, and ethical hacking, with a passion for securing modern digital systems.

PROJECT EXPERIENCE

- | | |
|---|------|
| Cybersecurity Ai-Chatbot | 2025 |
| <ul style="list-style-type: none">Developed an LLM-based chatbot using CVE, OWASP, and NIST datasets for cybersecurity queriesImplemented a Flask backend to process and generate contextual responsesEnhanced understanding of vulnerability analysis and AI-driven security systems | |
| AI Speech Translator | 2024 |
| <ul style="list-style-type: none">Built a real-time speech translation system using ESP32, INMP441 microphone, and MAX98357AIntegrated Flask-based backend for speech recognition and translationEnabled seamless communication through real-time audio translation | |
| Mushroom Cultivation Assistant | 2024 |
| <ul style="list-style-type: none">Built an IoT-based environmental monitoring system for mushroom cultivationTracked temperature, humidity, and soil conditions in real-timeProvided automated recommendations to optimize growth conditions | |
| Fee Management System | 2024 |
| <ul style="list-style-type: none">Developed an Android application using Kotlin and Firebase for real-time fee trackingImplemented secure authentication and database synchronizationImproved efficiency for students and administrators | |

EDUCATION

- | | |
|--|-------------|
| Bachelor of Technology in Computer Science and Engineering. | 2023 - 2027 |
| Centurion University of Technology and Management. | |
| CGP 9 | |
| Class XII (PCM), | 2021 - 2023 |
| S.R.P.S College Jaintpur, Bihar | |
